

## How To Send Pictures To Our Yearbook Staff

Parents can now upload their digital pictures directly into our Yearbook Staff's Picture Bank via the internet. To do so, click the link below or find the link in our "Parents" section under "Links". The link will be called "Studioworks". When you get to Studioworks, select "Public Upload" and the program will guide you. You will need to input our school's project number, 019419. Please include a detailed description with each photo.

The Studioworks web address to link is:
